EBOARD **R**ETRACTABLE **S**TEPS

Automatic Electric Power Deploying Running Boards, made out of die cast aluminium components with military specification finish to resist corrosion. Mounting motor brackets are developed with 6 bar linkage which can achieve optimized trajectory control where it is more reliable and less noise against other lesser linkage motors.

- Premium aluminium with heavy duty motoring brackets of steel and aluminium
- Retracts down approximately 8 inches below / 20cm
- Load Rating of 300KG Per Side
- Easy to install with no drilling required
- Tested to work with temperatures of -40 to 80 degrees celsius
- Available with LED Down Light
- IP68K Rated (Dust & Waterproof)
- ADR (Australian Design Rules) AIR BAG Certified

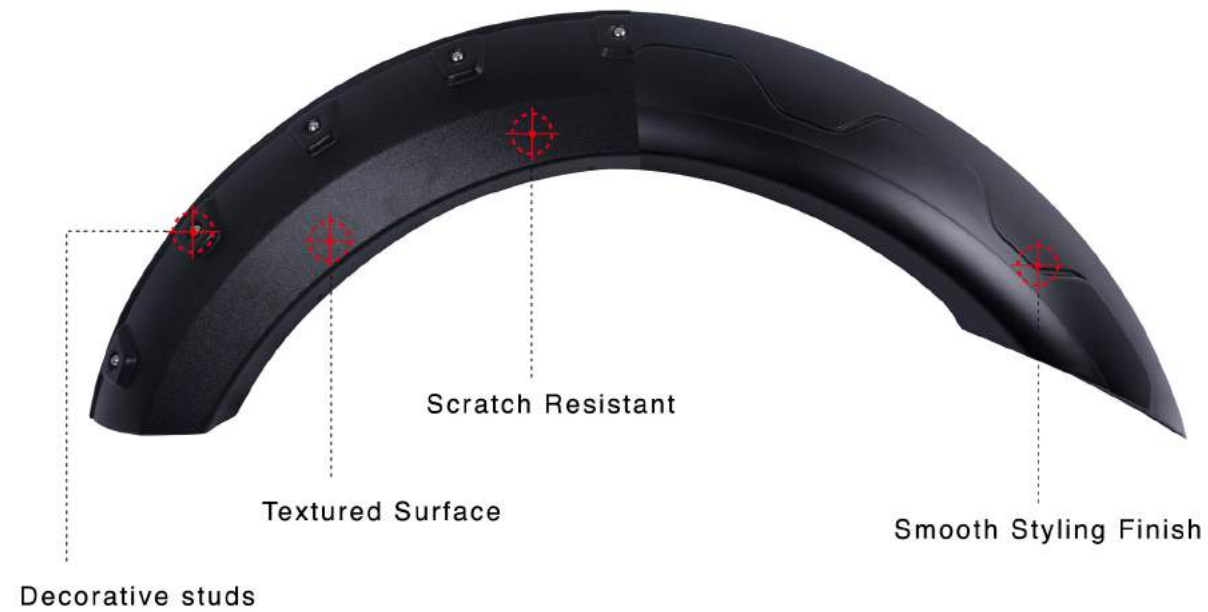

RAPTOR X SERIES FRONT BUMPER BAR

The Raptor X Series Bumper bar, based on the Ford Raptor F150. We at Tyrant 4x4 developed a bumper bar to suit the Ford Ranger MKII Series. Crafted out of the same materials as the factory bumper bar with a better ground clearance, integrated day time running lights as well as a tough looking grille with 3 LED Powered Lights.
